**Wauconda Middle School**

SMSC Philosophy Statement

The philosophy of the Suburban Middle School Conference is to provide maximum opportunities for participation in a variety of co-curricular activities with schools that share common middle school beliefs.

SMSC Focus Statement

This conference emphasizes the child's needs. Our desire is for the student to participate, develop skills, and build confidence in themselves, and instilling the importance of respect and true sportsmanship. Our focus is in maximum participation and not end of the year standings. Within limited (cut) sports, winning at the cost of maximum participation runs contrary to the belief of this conference, each schools administrators/athletic directors are responsible for instilling this belief within their coaching staff.
